

Intro in Cybersecurity

Are you ready?

“If you’ve got me, you
want to share me; if you
share me, you haven’t kept
me. What am I?”

What am I?

The Answer is ...

A SECRET!

**What should we
keep secret online?**

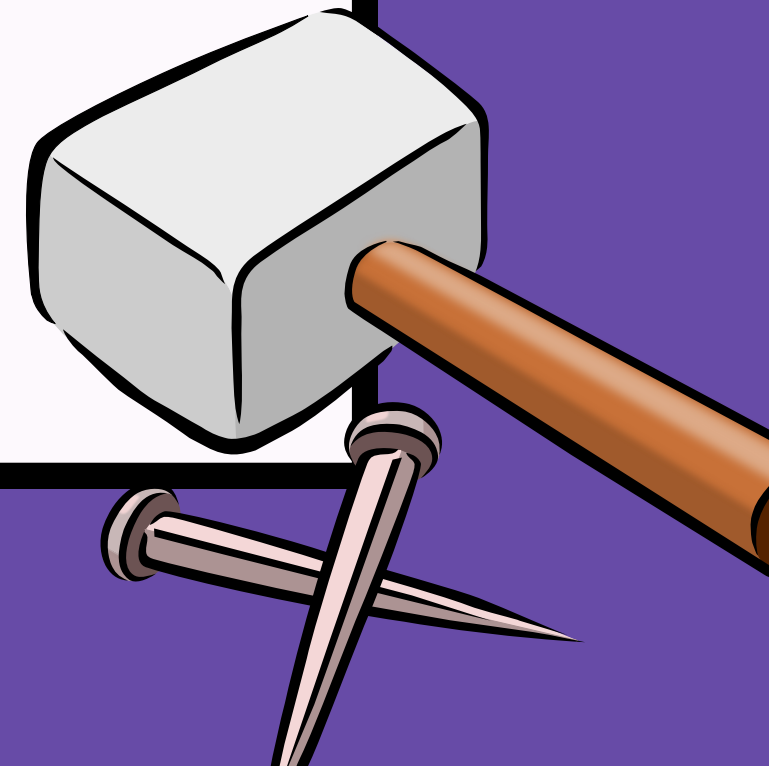

**How do we know our
secrets are secure?**

Red team VS. Blue Teams!

Blue teams are **builders**. They build systems to keep our **secrets** safe from people who want to use it for bad things! Red teams are **inspectors** who look for weaknesses to make systems stronger!

Let's practice!

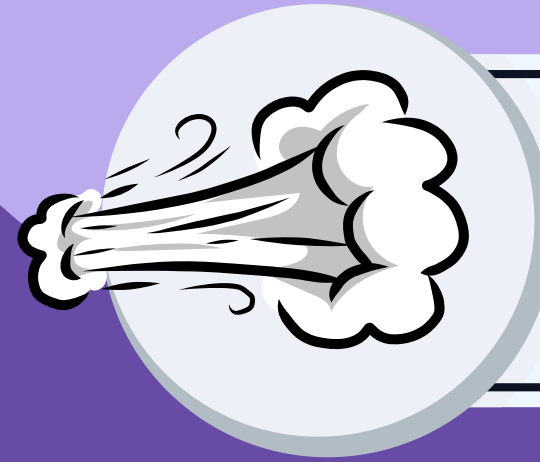

You are the **BLUE team,
building a lego house**

Here are
some things
to build for: ★

Water proof

Wind proof

Earthquake
